NATIONAL PARK SERVICE

Volunteer Program Office Rocky Mountain National Park Estes Park, Colorado 80517

March 1, 2013

Dear Potential Volunteer Group,

Thank you for your interest in volunteering at Rocky Mountain National Park!

Rocky is home to one of the most dynamic and hard-working volunteer programs in the National Park Service. Each year, Rocky utilizes volunteer groups to augment paid-staff on various projects, from trails to working in the greenhouse. It's a great way for the park to get work done AND the groups to learn a lot about their park through service. It's a win-win!

In 2012, over 1,000 volunteers served in Rocky Mountain by taking part in a group volunteer opportunity. These group members came from our neighboring towns in Colorado or other parts of the country to serve a day or two in Rocky. We offer opportunities for groups ranging in size from 2-20 (depending on the project and including any adult leaders). If your group is smaller or larger than the posted size, or you have a member of the group that is under the age limit, please contact the volunteer office directly to see if we can accommodate you.

Some things to keep in mind when planning a day of volunteering in Rocky:

- 1. For all projects, we ask that the volunteers wear long pants, long sleeve shirts, and closed-toed shoes or boots. We also ask that groups come prepared for a day of work by bringing plenty of water, food, a hat and sunscreen and clothes appropriate for the weather. Groups who are camping must provide all of their own camping equipment.
- 2. The volunteer office will provide the group with a free entrance pass to the park for the dates of service (this will be mailed or emailed to the group point of contact ahead of time). The supervisors of the groups will provide leadership, tools and equipment for the projects as well as any safety equipment necessary. Additionally, a short orientation and safety briefing is given prior to your group starting work.
- 2. Rocky Mountain National Park is a high-elevation park ranging from 7,600 to over 14,000 feet above sea-level. Most volunteer work takes place between 7,600 and 12,000 feet in elevation. Keep this in mind when planning your work here... make sure that you get accustomed to the elevation before your scheduled work day.
- 3. We may be able to provide your group with free camping in the Administrative Loop of Moraine Park Campground. For every four hours of service, groups may be eligible for one night of camping. Free group camping is based on availability. Please see the camping section of the group application form (to follow) to request your camping. Also note that all group members staying in the Moraine Park Admin Loop campsites will be required to participate in the volunteer work.

- 4. Projects may change depending on the current needs of the park. Your group will be notified a week in advance if your project is scheduled to change.
- 5. Check the weather conditions and come prepared. In the summer months, it might rain, become very windy or even very cold at higher elevations. In contrast, your day of service might be during a warm spell in the park. It's your responsibility to check the weather and plan accordingly.

Once you have considered the above information, and would like to volunteer at Rocky, please have a look at the catalog of opportunities to follow. Using the specific group size and age requirements for each project, apply for the project(s) that your group is qualified for. Please also provide an alternative project (or two) in the case that your first choice has already been assigned a group. Using the attached group application form, please provide all of the required information, and submit the form via email, mail or fax to the volunteer office. Upon receipt, you will receive an email or call from the volunteer office for confirmation as well as to give you an idea of if/when your project will be scheduled.

Remember, an application does not guarantee a project. Please wait for paperwork from the volunteer office before making plans for your project. Group projects will be assigned in the order that the applications are received.

For questions on the group volunteer program at Rocky Mountain:

Call: 970-586-1330

Thank you again for your interest in volunteering with your group at Rocky!

Sincerely,

Lindsey Prell Volunteer Program Manager Rocky Mountain National Park

The following is a list of group volunteer projects planned for the spring, summer and early fall of 2013. Please check each specific project regarding group size and age limitations. Apply for the project(s) that meet your group's qualifications.

RESTORATION

Description:

Help park revegetation staff plant native plants in one of several restoration sites. Sites may vary from alpine Tundra to montane meadows to campgrounds and roadsides. Volunteers are needed to spread topsoil, rake and prepare planting surfaces, install erosion control, sow seeds, harvest willows, plant native plants, and water restoration sites. This is a great opportunity to get outside and get your hands dirty!

Group Size: 5-15 (including adults)

Minimum Age: 15

Dates of projects: June 19, 26 July 10, 17, 24, 31 August 7, 14, 21, 28 September 11, 18

Time: 8:00-4:00 (flexible) **Conditions and Safety:**

Volunteers must perform all tasks in a safe manner using the appropriate tools for the task and wearing the necessary personal protective gear required for the task. Work tools, gloves and safety vests will be provided by the NPS work leader. Care must be exercised when working on/off-trail and near rivers/streams. Work will take place outdoors and working conditions will be variable. Volunteers should dress appropriately for the work & weather: long pants, long sleeved shirt, and sturdy shoes/boots etc. Work typically involves hiking over uneven, potentially rocky and wet, slippery terrain. Potential hazards include exposure to scratchy or thorny vegetation, irritating vegetation (i.e. knapweed), biting or stinging insects, wildlife, allergens (i.e. pollen, dust, etc.) and other hazards typical of outdoor work environments. Moderate to strenuous physical exertion may be required. Project may require ability to lift up to 50 pounds.

Please note that project may change in scope depending on the needs of the park. Group may need to provide own transportation to and from work sites.

INVASIVE SPECIES CREW

Description:

Invasive plants are spreading throughout the park and are crowding out native species and reducing high quality wildlife habitat. Help the park's invasive species control staff remove invasive exotic plants. Most sites are in the montane regions of the park, consisting of campgrounds, roadsides, and also meadows with sweeping vistas. Volunteers are needed to hand pull invasive plants from the ground, dig up plants with a shovel, and clip and bag flower heads of certain species.

Group Size: 5-20 Minimum Age: 15

Dates of projects: June 11, 12, 18, 19, 26 July 9, 10, 16, 17, 23, 24, 30, 31 August 13, 14, 20, 21, 27, 28

Time: 8:00-4:00 (flexible)

Conditions and Safety:

Volunteers must perform all tasks in a safe manner using the appropriate tools for the task and wearing the necessary personal protective gear required for the task. Work tools, gloves and safety vests will be provided by the NPS work leader. Care must be exercised when working on/off-trail and near rivers/streams. Work will take

place outdoors and working conditions will be variable. Volunteers should dress appropriately for the work & weather: long pants, long sleeved shirt, and sturdy shoes/boots etc. Work typically involves hiking over uneven, potentially rocky &/or wet, slippery terrain. Potential hazards include exposure to scratchy or thorny vegetation, irritating vegetation (i.e. knapweed), biting or stinging insects, wildlife, allergens (i.e. pollen, dust, etc.) and other hazards typical of outdoor work environments. Moderate to strenuous physical exertion may be required. Project may require ability to lift up to 50 pounds.

Please note that project may change in scope depending on the needs of the park. Group may be required to provide own transportation to and from the worksite.

GREENHOUSE

Description:

Help the park's greenhouse staff grow tens of thousands of native plants for restoration projects throughout the park. Volunteers are needed to transplant seedlings into larger pots, water native plants, clean seeds, mix soil and help with general upkeep of the nursery. Actual duties will depend on the varying needs of the greenhouse at the time of the project.

Group Size: 5-10 Minimum Age: 15

Dates of projects: April 2, 3, 4, 9, 10, 11, 16, 17, 18 June 11, 12, 13, 18, 19, 20, 25, 26, 27 July 9, 10, 11, 16, 17, 18,

23, 24, 25, 30, 31 September 17, 18, 19, 24, 25, 26 October 1, 2, 3, 7, 8, 9, 10

Time: 8:00-4:00 (flexible) Conditions and Safety:

Volunteers must perform all tasks in a safe manner using the appropriate tools for the task and wearing the necessary personal protective gear required for the task. Work tools, gloves and safety vests will be provided by the NPS work leader. Care must be exercised when working on/off-trail and near rivers/streams. Work will take place outdoors and working conditions will be variable. Volunteers should dress appropriately for the work & weather: long pants, long sleeved shirt, and sturdy shoes/boots etc. Work typically involves hiking over uneven, potentially rocky and wet, slippery terrain. Potential hazards include exposure to scratchy or thorny vegetation, irritating vegetation (i.e. knapweed), biting or stinging insects, wildlife, allergens (i.e. pollen, dust, etc) and other hazards typical of outdoor work environments. Moderate to strenuous physical exertion may be required. Project may require ability to lift up to 50 pounds.

Please note that project may change in scope depending on the needs of the park.

WILDERNESS RESTORATION ALONG ESTES CONE TRAIL

Description:

Volunteers will work with the park's wilderness office to remove cairns and rehabilitate trail braids on the Estes cone trail. This work may include: moderate to heavy lifting, hauling, spreading or compacting soil, digging in confined spaces, light/moderate construction activities, work at high elevations 8,000-11,000 feet and hiking up to 5 miles/day.

Conditions and Safety:

Volunteers must have the ability to hike in mountainous terrain at high elevations, ability to perform strenuous physical work, ability to work with others in a group environment. Volunteers must keep in mind common mountain weather related considerations (rain, lightning etc.), consider physical fitness and have good communication within the group.

Group Size: 10-15 Minimum Age: 14

Dates of projects: Flexible. Mid –late June or August (please contact the VIP Office if interested in this project)

LOG HAULING

Description:

Help the staff in the seasonal moving of logs to help protect park resources including vegetation and wildlife. The main duties are:

- 1. Move logs from Horseshoe Park to Moraine Park.
- 2. Place along approved roadways and distances.
- 3. Work well with park staff and other volunteers.
- 4. Follow all safety guidelines.
- 5. Help with traffic control while logs are moved.

Conditions and Safety:

Log hauler volunteers may utilize a variety of tools if needed. Personal Protective Equipment (PPE) will be utilized at all times. Much of this work is physically demanding and involves lifting up to 40 pounds and is done at elevations between 8,000 and 9,000 feet. Work is a one to two day operation in August. The VIP uniform is not required.

Group Size: 5-15 Minimum Age: 12

Date of project: April 17 (1pm-4pm) and August 29

SPRING TRAILS OPENING

Description:

This is a great time to get out and see the park. The trail crews usually hike every trail in their districts, cleaning drains and clearing trails of brush and downed trees. Volunteers would assist the trail crews on these projects.

Conditions and Safety:

This usually is a 7am-5:30pm project and requires hiking up to 13 miles in one day while doing physical labor. Must be able to hike long distances and do physical work.

Group Size: 2-20 (ideally 5-10)

Minimum Age: 18

Dates of project: May 21, 22, 23, 28, 29, 30, June 4, 5, 6, 11, 12, 13, 18, 19, 20, 25, 26, 27

Time: 7:00-5:30

ADA TRAIL MAINTENANCE

Description:

We have 5 ADA classified trails in the park, 4 in the East District and 1 on the CRD (which is the area of the park west of the continental divide, near Grand Lake). These are heavily used trails and require yearly maintenance. Maintenance includes removal of vegetation from the edges of the trail, bringing in new tread material by bobcat or wheel barrel, spreading tread material and tamping it down with a vibrating plate compactor. This allows for the tread to be brought back up to code and provides a smooth service to allow all visitors to enjoy our natural scenery.

Conditions and Safety:

This project requires hiking and doing physical labor.

Group Size: 2-20 (ideally 5-10)

Minimum Age: 18

Dates of project: June 4, 5, 6, 11, 12, 13, 18, 19, 20, 25, 26, 27, July 2, 3, 9, 10, 11, 16, 17, 18, 23, 24, 25, 30, 31,

August 1, 6, 7, 8 Time: 7:00-5:30

FLATTOP MOUNTAIN TRAIL RECONSTRUCTION

Description:

This is a trail reconstruction project headed up by the Central Crew lead by Jeff Morris. The project entail tread repairs and improved drainage by installing rock and log retaining and water-bars. Tread material will be packed in by mule towards the end of this year's project season.

Conditions and Safety:

This project requires hiking and doing physical labor.

Group Size: 2-20 (ideally 5-10)

Minimum Age: 18

Dates of project: June 18, 19, 20, 25, 26, 27, July 2, 3, 9, 10, 11, 16, 17, 18, 23, 24, 25, 30, 31, August 1, 6, 7, 8, 13,

14, 15, 20, 21, 22 Time: 7:00-5:30

WILD BASIN TRAILHEAD

Description:

The Wild Basin Trail Head is scheduled to be moved about 100m up the trail. The project will entail cutting a new trail, moving of the existing bridges up the trail and rehabbing the old trail.

Conditions and Safety:

This project requires hiking and doing physical labor.

Group Size: 2-20 (ideally 5-10)

Minimum Age: 18

Dates of project: July 17, 18, 23, 24, 25, 30, 31, August 1

Time: 7:00-5:30

CHASM FALLS TRAIL WORK

Description:

This is 300 foot trail located on Fall River Road which provides access to a viewing platform of Chasm Falls. The platform was reconstructed last season and the finishing touches will be applied this year. The rest of the trail is constructed of asphalt, which is falling apart, and deteriorating rock walls. This season the asphalt will need to be removed, rock walls rebuilt and rock stairs will be constructed to lessen the slope of the trail and improve sustainability. After the reconstruction is completed, a green product asphalt will be applied to the trail surface and viewing platform in improve the trails life cycle, much like the new AVC trail.

Conditions and Safety:

This project requires hiking and doing physical labor.

Group Size: 2-20 (ideally 5-10)

Minimum Age: 18

Dates of project: June 4, 5, 6, 11, 12, 13, 18, 19, 20, 25, 26, 27, July 2, 3, 9, 10, 11, 16, 17, 18, 23, 24, 25, 30, 31,

August 1, 6, 7, 8, 13, 14, 15, 20, 21, 22

Time: 7:00-5:30
